

HOTEL DIRECTORY

# Welcome at TRITON hotel..

Triton hotel is conveniently located directly across the road from the main beach in the centre of Kos town. Triton has magnificent sea views and is located next door to a peaceful park. It is well known for its warmth hospitality and its staff who will make you feel right at home.

This leaflet aims to provide you with general information on the hotel facilities. Should you need more specific information which is not included in this leaflet, please feel free to contact Reception.

Our hotel follows a programm to minimize its environmental footprint. It has received the International GREEN KEY Award which is testimony to our commitment to quality and sustainable development. In our effort to maintain such standards we would encourage you to make your contribution towards energy conservation, efficient use of water and recycling while you enjoy your holiday and experience the pleasures that our hotel and our island have to offer.

**Help us save water. Did you know that water is a precious resource for humanity and by using it sparingly you will contribute to its preservation?**

- Please do not leave water running continuously.
- Please try to keep your towels for more than one day. If you don't need towel change, please keep them hanged.
- Please inform staff in case of water leaks.

**Help us save electricity. Did you know that by avoiding waste of electricity you contribute to the preservation of our natural resources and landscapes?**

- Don't forget to place the energy saving card out of the plug when you leave your room, It is a pity to spend energy when you don't need it.
- Please turn off the air-conditioning when you leave your room.
- Please avoid "sleep mode" for televisions.
- Please close windows and doors when the heating/cooling system is on.
- Please keep the room temperature reasonable (recommended indoor temperature setting for winter is 21°C and for summer 26°C).
- Collect your paper, glass or cans and batteries and leave them to the reception for the recycling.
